

My Medical Vacations

Health Tourism Services
Cancún - México

We are your **medical travel** facilitators

Our job is to provide the patient the link or bridge between the home country and destination country. We take care of logistics and, in many ways, peace of mind.

**WE PROVIDE
THE SERVICES
THAT YOU NEED**

The Most Experienced Team

From the moment you make first contact, your case will be managed by one of our experienced and qualified MTC's (Medical Tourism Consultant), who have more than 15 years of combined experience

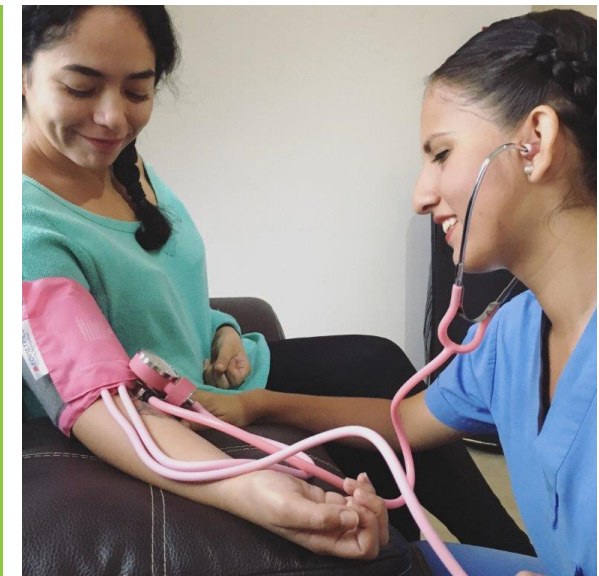

We have successfully assisted over 1500 foreign patients to complete their dreams and goals of health and aesthetics!

We are always working on behalf of your best interest and safety.

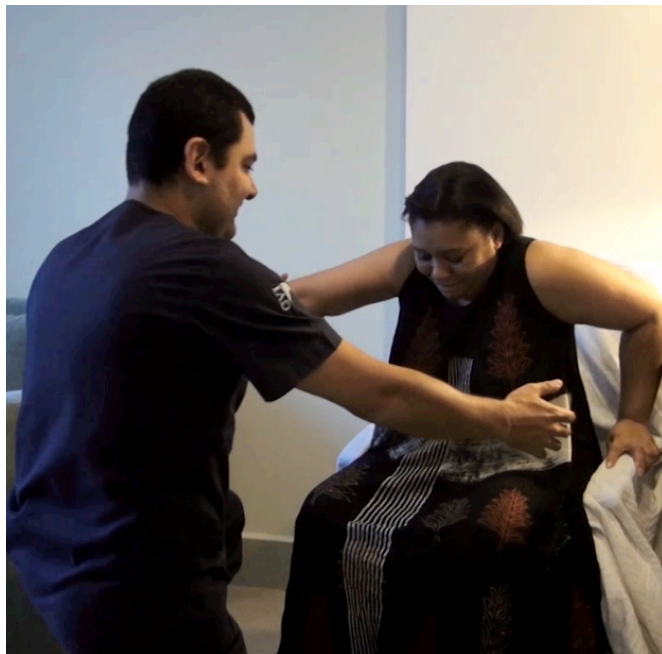

You will be communicating with reliable professionals who will guide you through the entire process.

Immediate Response Guaranteed

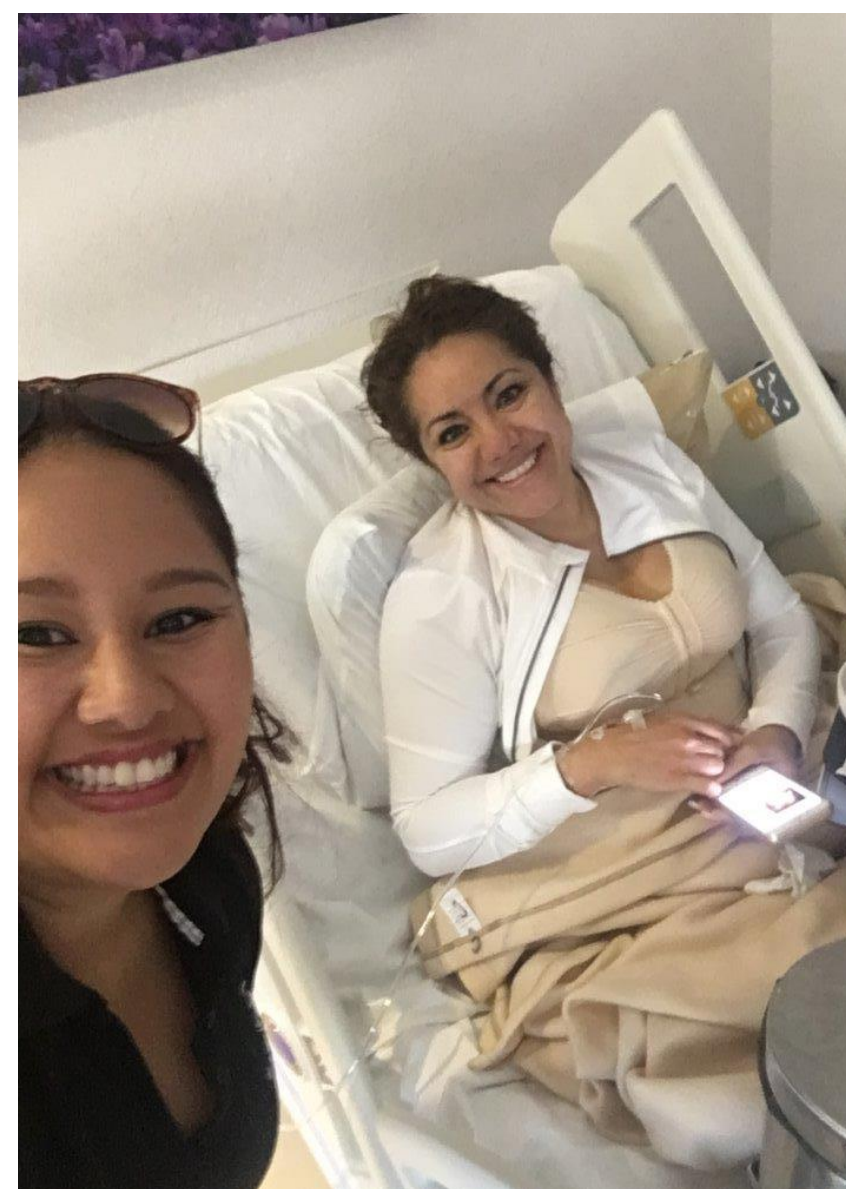

From your first inquiry, to all of your subsequent doubts or questions, our highly experienced team of MTC's (Medical Tourism Consultants)

will provide the answers you need on an immediate basis, and they will take care of you during your entire medical tourism experience.

Accurate/Useful Information Provided

Our MTC team has managed more than 1500 cases of international patients in the area of Cosmetic Surgery! Their perspective along with all recommendations of our surgeons, will make you feel comfortable.

Worry Free Organization of your Medical Trip

Our team will assist you with booking and organizing every little detail to ensure the perfect Medical Vacations. We remind you that all of our packages includes:

- Private airport transfers
- All ground transfers (hospital, hotel, appointments)

- Personal Bilingual Assistance
- Translation Services
- Daily Nurse Visits

- Medical Appointments
- City Guidance
- And more!

We Choose to Promote **Only the Best**

Our concept is simple: Only work with the best.

It is not ONLY about experience; we promote surgeons with impeccable records who **KNOW** how to treat international patients.

All of the surgeons and specialized physicians **MUST** meet our criteria to be part of the MMV network.

We have no obligation to promote any specific surgeon whatsoever. We **CHOOSE** the best... for you!

Comprehensive Post Op Care Program

Our multidiscipline staff includes: Specialized Registered Nurses (You will absolutely love them), certified patient concierges (They will make everything easier for you) and more.

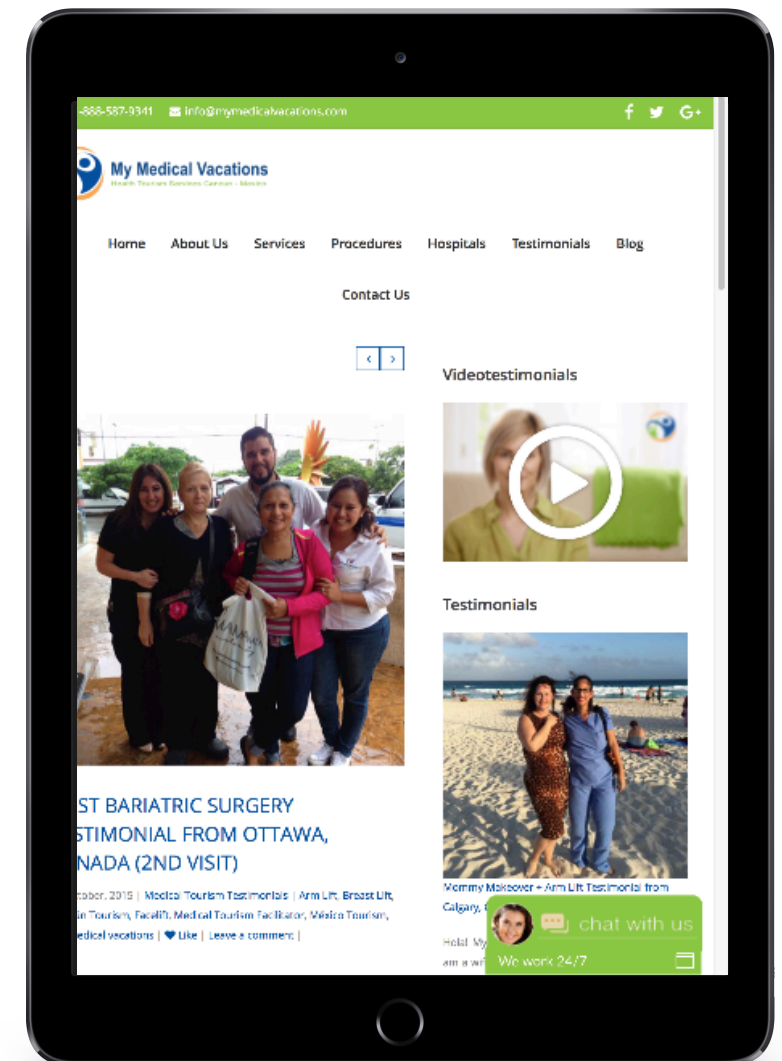

After being released from the hospital our team will take over, providing and assisting you every step of the way.

You will never feel alone... you will feel like a part of the family!

Long distance Follow Up!

Our service doesn't
stop after our airport
farewell!

Our medical tourism consultant team will keep close communication, informing your surgeon about your progress and answering any doubt or question you may have at this stage and until you are completely recovered and back to your normal life.
